PROACTIVE POSITIVE APPROACHES

First and foremost, **we believe every student can learn and grow, being the best they can be, as unique learners and leaders.** With support, reminders, and purposeful conversations, we will help students learn to problem solve and improve their behaviour and choices when they struggle or make mistakes. As students learn from mistakes and learn how to be responsible for their actions and words, they will become leaders!

➔ Our school incorporates Positive Behaviour Interventions & Supports (PBIS), which means we have 4 main school-wide expectations for all students, staff, and parents.

- **We Belong / Nous Appartenons**
- **We Care / Nous Sommes Attentionnés**
- **We Are Independent / Nous Sommes Indépendants**
- **We Do Our Best / Nous Faisons De Notre Mieux**

These strategies are explicitly taught and common language is used across the school. Classrooms share conversations daily about safety and creating a place of belonging for all. Students are reminded about these expectations in schoolwork, setting learning goals, during recess, and throughout the school day.

RESPONSIBILITIES OF STUDENTS

The development of positive student behaviour is a **shared responsibility** between students, staff, and parents and is framed within our four school-wide PBIS expectations.

Teachers or administration will contact parents in the event of student conflict, inappropriate behaviour, or other issues involving student expectations.
